Fruits unaccompanied by labels bearing the following numbers

gleasm 108	✓ <i>Palicourea</i> sp.	Wals 442	✓ <i>Sterculia</i> sp.
" 310	✓ <i>Palm</i> indet.	" 480	✓ (2 pockets) <i>Casipia</i> sp.
" 315	✓ <i>Diospyros guianensis</i> Aubl. Swine	" 541	✓ <i>Capparia</i> (?)
" 335	✓ <i>Vouapa</i> sp.	" 756	✓ <i>Tetracera asperula</i> Mig.
" 358	✓ <i>Abuta</i> sp.	" 763	✓ <i>Vouarana guianensis</i> Aubl.
" 359	✓ Indet.	" 801	✓ <i>Gustavia angusta</i> L.
" 360	✓ Indet. (<i>Gustavia</i> ?)	La Cruz 2029	✓ <i>Anaxagorea</i> L.
" 362	✓ <i>Abuta</i> sp.		

These numbers from British Guiana are represented in our collection by the species listed above. Only 4 have been identified and these quite recently, which accounts for your lack of names with them.

Walsgleasm

#2029 is in your collection. I can not tell about the others.

(Gleason)

De La Cruz Plants lacking determinations at the Gray Herbarium

✓315	Diospyros guianensis (Aubl.)Gürke	✓802	Ocotea Schomburgkiana (Nees)Mez
✓331	Couralia	820	
✓337	Manettia alba (Aubl.)Wernh. (det N.E.Brown)	3872	
349		✓3981	Aulomyrcia Schomburgkiana Berg
✓421	Rudgea ? Hostmanniana Benth.	✓3989	Marlierea obtusa Berg
✓468	Psychotria iodotricha Muell.Arg. (det N.E.Brown)	4102	
469		✓4135	Clusia colorans Engl.
✓764	Borreria verticillata (L.)Meyer (det Standley)	✓4196	Aulomyrcia Schomburgkiana Berg
✓793	Anemopaegma Parkeri Sprague	✓4294	Marlierea obtusa Berg
797		✓4366	Marlierea obtusa Berg

✓4183 Sterile melastome, unidentifiable

The lowest number of La Cruz is 941. I infer that the earlier numbers in the above list are Gleason numbers, and I have reported them accordingly.

H.A.G. Apr. 25, 1927

recd. May 11, 1942.
